Computer accounts

UCSBnetID	UCSB Google / Connect Account	Bren Desktop Account
This is your login for campus-wide resources like Gold, Canvas, BARC, Eduroam, UCSB Secure, and UCSB SSO. Username / PW = username / PW you set up when registering for UCSB. (Info on how to reset here).	This is your login for all Google products through UCSB's agreement (ex: Gmail, Google Drive, Google groups, etc.) Username = UCSBnetID@ucsb.edu Password = Same at UCSBnetID	This is your login for all Bren-specific resources like Bren computers, remote pool, BREN-WIFI, Bren computational servers, etc. Username = UCSBnetID Password = PW compute team gave you or PW you reset it to (<i>not tied to UCSBnetID account</i>)

Reset your Bren PW

1. Visit:
<https://selfservice.bren.ucsb.edu/>
2. Enter your Bren Desktop Account Username (which is also your UCSBnetID)
3. Complete Captcha to prove you're not a robot.
4. You should receive a reset link in your UCSB inbox.
5. Reset your Password.

The screenshot shows a web browser window with the address bar displaying <https://selfservice.bren.ucsb.edu>. The page header includes the Bren School logo and the text "Self service password". Below the header, there is a green box with a checked checkbox and the text "Email a password reset link". A yellow box contains an information icon and the text: "Enter your login to reset your password. An email will be sent to the address associated with the supplied user name. When you receive this email, click the link inside to complete the password reset." The main form area has a "Login" label, a text input field containing "mesmtest2027", a captcha image showing "QAVOV", a refresh button, another text input field containing "QAVOV", and a green "Send" button with a checked checkbox.

Reset your Bren PW

Password Requirements:

- Min of 8 characters; Max of 30 characters
- Min of 1 upper and 1 lower case character
- Must have a number
- Must have a symbol
- Can only be changed once per day

The screenshot shows a web browser window with the title "Self service password". The address bar displays the URL: <https://selfservice.bren.ucsb.edu/?action=resetbytoken&to...>. The page features the Bren School of Environmental Science & Management logo and the text "Self service password". Below the header, there are two yellow informational boxes. The first box contains a warning icon and the text "Your new password is required". The second box contains an information icon and the text "The link sent by email allows you to reset your password. To request a new link via email, [click here](#)." Below these boxes is a light blue form area. It includes a "Login" label next to a text input field containing "mesmtest2027". Below this are two password fields labeled "New password" and "Confirm password", each with a lock icon and a "Show/Hide" button (three dots). At the bottom of the form is a green "Send" button with a checkmark icon. The background of the page shows a palm tree and a building. At the bottom of the browser window, the text "LDAP Tool Box Self Service Password - version 1.7.3" is visible.

LDAP Tool Box Self Service Password - version 1.7.3

BREN-WIFI

- 36 access points @ Bren
- Good coverage and speed throughout building
- Login with Bren Desktop Account

EDUROAM Wifi

- 11 access points @ Bren
- Best coverage around classrooms
- Excellent speed
- Available across campus and participating institutions
- Login with UCSBnetID@ucsb.edu

Email Aliases

Emails sent to any of the following email addresses, goes into the same UCSB Google Inbox.

- UCSBnetID@ucsb.edu
- UCSBnetID@umail.ucsb.edu
- UCSBnetID@bren.ucsb.edu (make this your default!)

Note: Your UCSB account will expire 13 months after graduation. We let you forward your @bren.ucsb.edu to a personal email address after it deactivates so it is best for you to make this alias your default email address for communication / networking purposes / creating website user accounts like Spotify (instructions [here](#)).

After Hours Access to Bren Hall

Building Hours:

Monday to Friday, 7:30am to 5pm.

- To enter Bren Hall after hours, you will need a [UCSB Access Card](#).
- Once you have an access card, fill out this form: <https://bren.formstack.com/forms/buildingsecurity>

Computing Lab Spaces

Commons: 9 PC's, 4 Standup Laptop Stations, 3 Laptop Stations

GIS Lab: 37 PC's

SCF Small: 11 PC's, 1 Collaborative Space

SCF Large: 8 Collaborative Spaces

Quiet Spaces

3rd Floor Library: 5 PC's, 2 Collaborative Space

1st Floor Library: 8 Laptop Stations

UCSB Google Account

Google Calendar

All staff & faculty use gcal to organize their schedule / events. You can use it to efficiently schedule meetings.

Add these for event information:

[This Week At Bren](#) calendar

[Bren Events](#) calendar

Google Calendar

Important Note:

When creating an event, please *do not* add the Bren Room calendars as a location!

Don't subscribe to room calendars, just use Robin (reword later!)

The screenshot shows the Google Calendar 'Create Event' dialog box. At the top, the title 'Bren Event' is entered. Below the title are tabs for 'Event', 'Task', 'Out of office', 'Focus time', 'Working location', and 'Appointment schedule'. The 'Event' tab is selected. The date is set to 'Monday, September 15' and the time is '8:00am' to '9:00am'. There is an option for 'All day' and a 'Time zone' link. The recurrence is set to 'Does not repeat'. Below these are options to 'Add guests', 'Add Google Meet video conferencing', 'Add rooms or location', and 'Add description or attachments'. The 'Add rooms or location' option is highlighted with a red arrow and the text 'Do not add a Bren room!'. At the bottom, there is a section for 'Kat Le' with a blue dot indicating 'Busy' and a note 'Default visibility • Notify 10 minutes before'. In the bottom right corner, there are links for 'More options' and a 'Save' button.

Loaner Equipment

As a student, you can borrow anything in our inventory!

Just ask for what you need, and if we don't have it already, we can try to add it to our inventory.

Examples:
Meeting Owl
Huddly IQ
Rode Mics (wireless and studio)
Laptop loaners
Older monitors that could be used as an external monitor
Any adaptor / cable you may need!
etc

UCSB VPN

Instructions on how to download Ivanti Secure Access Client VPN are [here](#).

VPN gives you access to UCSB network resources from off-campus. Examples:

- Academic journals
- NY Times
- GRIT's HPC
- Bren network storage
- Bren computers
- etc.

Remote Access Pool

- 12+ PC computers are available for remote access.
- Typically used by Mac users who need access to ArcGIS or other course software.
- Instructions on how to connect are [here](#).

Data Storage

Bren Personal Drive (H: drive)	UCSB Cloud Storage	GRIT NextCloud Storage
Limited storage intended for documents (10-20gb total) Should not be used for data sets. Additional storage for coursework will be shared as part of your classes.	<u>UCSB Google Drive</u> (20GB) <u>UCSB Box</u> (15GB)	Mostly used for large datasets. Current pricing: ● \$15 per TB per year ● Backups = pay for compressed size of backup <i>Coordinate with Compute Team if interested in this option!</i>

High Performance Computing (HPC) Cluster Access

- General Research IT (GRIT) hosts an HPC cluster, for UCSB researchers.
- Pilot collaboration project between Bren Compute and GRIT.
- Contact Compute team if you're interested in this resource.

The screenshot shows the GRIT HPC OnDemand web interface. At the top is a dark navigation bar with the text 'GRIT HPC' and several dropdown menus: 'Files', 'Jobs', 'Clusters', and 'Interactive Apps'. To the right of these are icons for help, user profile, and a share icon. Below the navigation bar is the 'GRIT HPC' logo, which consists of a hexagonal icon with a plus sign and the text 'GRIT HPC' in large, bold letters. Underneath the logo is the tagline 'GENERAL RESEARCH IT • HPC • SINGLE SIGN-ON • STORAGE'. Below this is a paragraph of text: 'OnDemand provides an integrated, single access point for all of your HPC resources.' At the bottom of the interface, there is a footer section. On the left, it says 'powered by' followed by the 'OPEN OnDemand' logo. On the right, it says 'OnDemand version: 4.0.5'.

GRIT HPC Files ▾ Jobs ▾ Clusters ▾ Interactive Apps ▾

GRIT HPC
GENERAL RESEARCH IT • HPC • SINGLE SIGN-ON • STORAGE

OnDemand provides an integrated, single access point for all of your HPC resources.

powered by
OPEN OnDemand

OnDemand version: 4.0.5

GRIT NextCloud Storage

- GRIT hosts data for researchers.
- Pricing
 - \$15 per TB per year
 - Backups are priced by the compressed size

GRIT Local LLM

GRIT hosts a local LLM for researchers to use:

<https://llm.grit.ucsb.edu>

Benefits:

- Free
- Security advantages
- Your chat history stays local.
- Pre-installed models (llama3 8B, deepseek-R1 8B, phi4 14B)
